Premier Performance and Legendary Build Quality*

Furutech FT-608mF mini XLR Female Connector

Furutech makes a wide variety of OEM parts known the world over for their quality construction and superb sound. Our engineers examine every part of the signal and power path no matter how small and optimize each and every connection.

Take mini XLR Female Connectors:

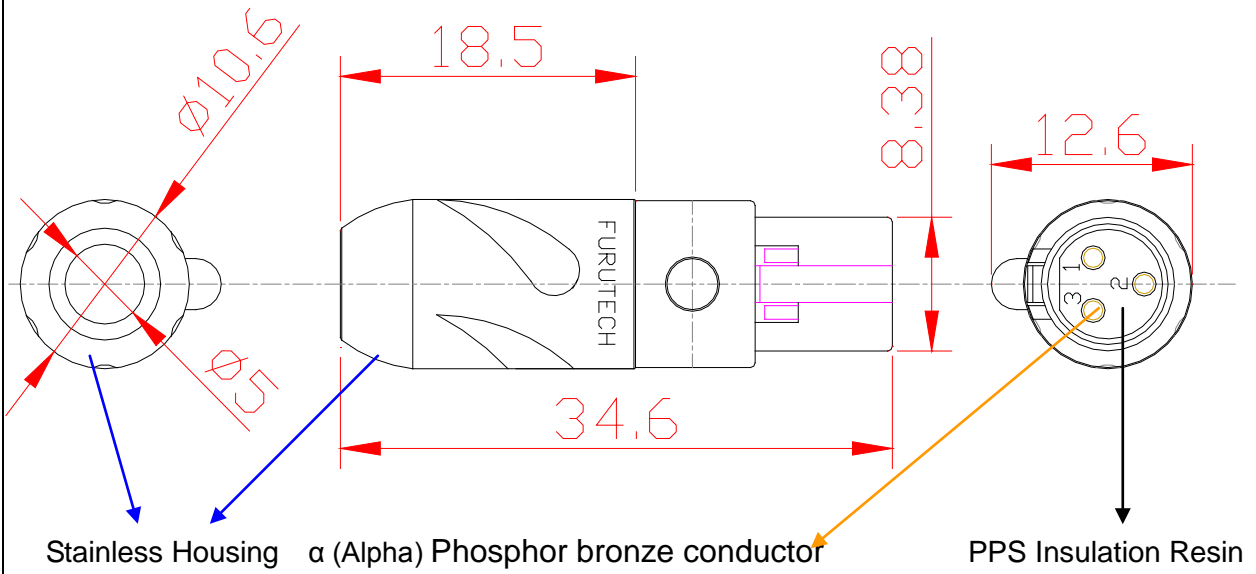

Furutech's beautifully finished, beautiful sounding FT-608mF Connector is the result of meticulous engineering and careful audition of various suitable materials. The FT-608mF features an α (Alpha) phosphor bronze conductor with High Grade PPS insulation for minimal impedance and a nonmagnetic stainless housing for superior damping.

Features and Materials

- Main conductor: Nonmagnetic Rhodium-plated α (Alpha) Phosphor bronze conductor
- Insulation with super heat resistant Polyphenylene Sulfide Resin for best soldering results
- Housing: Nonmagnetic stainless.
- Cable Clamp: Superior Damping Copper Alloy.
- Specified for core insulation diameters up to 5.0mm
- Connections: Soldered

Dimensions: Housing: 10.6 ^{ϕ} x 18.5mm overall length
Total overall length: 34.7 mm approx.
